# Familje ART

**Robert Calame & Kim Parker (Canada)**

Uppsala, 4-6 mars 2013, 1 eller 3 dagarskonferens

1 eller 3-dagars utbildningen i Familje- ART (Family TIES) bjuder på mycket inspiration, kunskap och praktiska övningar. Nu har du chansen att gå denna utbildning direkt under metodutvecklarnas ledning. **Robert Calame** och **Kim Parker** kommer från Canada för att genomföra utbildning i Family TIES som är ett manualbaserat program för föräldrar till barn som genomgår ART-programmet. Utbildningen är uppdelad i två delar där dag 1 är en öppen fristående föreläsning och dag 2-3 är fördjupad och riktad träning för att kunna arbeta med Familje- ART. Dag 2 och 3 kräver att man är utbildad ART- tränare. Platsantalet till fördjupningsdagarna är begränsat till 24 deltagare.

*“This group program helps parents and other caretakers become effective behavioral coaches for youth enrolled in Prepare®, ART®<sup>1</sup> (Aggression Replacement Training®), or Training in Essential Skills (TIES) instruction. Designed to augment the learning taking place in these separate youth groups, the lively sessions in Family TIES give family members and their adolescent children the opportunity to work together to learn social skills, anger control techniques, moral reasoning, empathy, and other competencies. Mastery of these essential skills and techniques builds trust among family members and gives families confidence to resolve conflicts appropriately.”*

Robert

Kim

**Kim Parker** is the current Aggression Replacement Training® Programming Specialist at Batshaw Youth and Family Centres in Quebec, Canada. Kim has had a highly successful 30 year career working as a child and youth care professional with adolescents and their families. When ART® was introduced at Batshaw Youth and Family Centres, Kim was instrumental in the creation of an agency-wide ART® implementation strategy. Kim was a partner with Robert Calame when it came to planning and facilitating Family TIES groups at their inception, and to this day provides support to others through consultation, training and development of Family TIES and Prepare Curriculum programming. At the elementary school level, Kim has developed a conflict resolution program that incorporated Skillstreaming® with other established social competency programs. Kim is a coauthor with Robert Calame of articles, chapters and the book *Family TIES*.
